Andrea Wielmaker  
Layne Bruner

**PTA REPRESENTATIVE**

Melissa Pardue  
Kate Fite

**BUSINESS REPRESENTATIVE**

Wes Womack

**COMMUNITY REPRESENTATIVE**

Amy Zahorik

**GUESTS**

Kelly Dohn  
Melissa Larsen  
Liam Dohn  
Brian Mangum  
Hillary Prieto  
Claire Purcell, 2nd grade

**Absent:**

1. **Call to Order:** Meeting was called to order at 3:21 pm by Katy Heisterman. Quorum was present.
2. **Citizens Communications:** Kelly Dohn & her husband presented to the CAC regarding concerns about boundary changes, both written and verbal. They reside in area of Circle C that has always gone to Kiker, approx 500 homes, that on several maps is designated . Primary concern is safety - children crossing 45 and no longer would be able to ride or walk to school. The other concerns are Child Development, School Performance, Capital Investment, and others identified in the handout he provided.
3. **Approval of Minutes:** The April 2018 meeting minutes were reviewed; Melissa Pardue motioned to accept minutes as submitted. Melissa Tanis seconded the motion. Minutes will be filed as submitted.
4. **PTA Report:** Melissa Pardue and Kate Fite serve as PTA representatives on the CAC. Kate provided this month's update. Spring Coffee Talk: Voting on the nominations for Board members next year and Legislative update.
5. **Principal Report:**
  - **STAAR.** 5th grade Reading & Math: 1st in district. 98% Reading approaches level. 68% Masters level. up 5% from last year. 2nd in district. Math: 100% approaches. 1st in district. 73% mastered. up 13% from last year. 2nd in district.

- **Teacher Retention.** 96% teacher retention rate this year.
- **TELL Survey.** Staff satisfaction survey. Admin is pleased overall with improvement. Areas of focus and growth for Kiker: Teachers feel comfortable raising issues and concerns, teachers recognized for accomplishments, managing student conduct, Teacher Data Use, teachers have detailed knowledge of the content covered used at this school, teachers working in professional learning communities, teachers have space and physical space to use, student conduct, support teachers in classroom and student behavior.
- **School Changes Toolkit:** Mr. Crissey showed the AISD School Changes video, highlighting the documents that are driving this process. Followed by a question & answer with the CAC.

**Southwest School Update:** The lot has been cleared. Permits have been submitted for review to the city.

**Boundary Advisory Committee.** Melissa Larsen, planning manager, handed out packets. Last time she was here, March 4, discussed secondary criteria. BAC met March 12. Frozen Schools: 110% or above frozen to transfers. If a school goes below 110%, the schools would remain frozen for a period of time.  
 March 11 - BAC started with 2 maps:  
 Plan 1: Avana, Greyrock, and Circle C up to Back Bay Lane.  
 Plan 2: Avana, Greyrock, Circle C up to South Bay Lane.  
 Plan 7: SW School: Avana, Circle C up to south bay Ln; Circle C goes to Mills.

Discussion: Mills transfer number, Concerns about splitting circle c central neighborhood vs. wildflower center, bussing students from wildflower. 228 students bused to Avana, Larger Circle C 158 students walk to Kiker.

Concerns discussed about maps:

1. Walkability: new school walkability vs wildflower walkability. A previous area that was walking or biking (no buses) Although some families do walk from Wildflower to Kiker.
2. Why splitting neighborhood section? Central circle c is being split vs sending wildflower neighborhood.
3. Has the Buildout in Avana been considered? The 3 year plan will account for all the neighborhoods being built out and students.
4. Because capacity levels are so much lower than anticipated, is the CAC able to revisit the grade levels allowed to stay at Kiker. 5th graders allowed to stay vs allowing 4th & 5th graders to stay at Kiker.
5. Why are Clayton boundaries not being considered? The Planning committee originally was only looking at Kiker and the new school. However, the BAC requested Mills be looked at thus requesting another map to be created. The BAC did not request to look at Clayton.

6. What are the opportunities for the CAC to provide meaningful feedback on the maps?  
The community meeting in the fall will provide an opportunity for feedback on the final map.

Goal is to balance schools in area between 75-115% so Plan 7 wouldn't rank high.

Mills would take Circle C north; Avana & Greyrock would only go to SW School.

Reinvention impact on the boundary maps. Reinvention looks regionally. October will be when boundaries will be finalized vs December.

BAC meeting tomorrow: Transportation and School Leadership will be at the BAC meeting tomorrow.

6. **Adjourn:** Katy Heisterman motioned to adjourn the meeting at 4:30 pm. The meeting was adjourned.

--

DRAFT: Minutes submitted by Rebecca Hall, CAC Parent Representative.
